RE: Lease at 160 Kelly Road

## WEDNESDAY, OCTOBER 30, 2013 (Continued)

#### Commissioners:

As per our discussion earlier in the summer regarding certain upgrades at the building AOA occupies at 160 Kelly Road. In particular, installation of snow brakes on the building.

This modification is going to substantially change the design of how the roof system on this building is supposed to function and while we are willing to install these snow brakes at our expense, we are requesting a 2-year lease commitment from the county. This will ascertain that the tenant requesting these modifications will be the one enjoying them.

We are also asking for a modification in the requested 2-year lease concerning the parking lot wintertime maintenance. It has become apparent that there are concerns regarding snow and ice around the building and the expectations of how that should be dealt with. The county maintenance department is in a much better position of knowing what is expected and how to address those expectations. So the wintertime parking lot maintenance should logically be handled by the county.

The current lease rate is acceptable for the requested 2-year lease.

Alpine Business Center

Charles Lapp then presented a packet to the commission stating the owners of Alpine Business Center are interested in selling their property to Flathead County for \$900,000. He reviewed the size of the buildings on the three plus acres and summarized the current use of them.

Chairman Holmquist stated the information would be taken under consideration.

#### 10:28:32 AM

Present: Chairman Pamela J. Holmquist, Commissioner Gary D. Krueger, Assistant Mike Pence, Planning & Zoning Director B. J. Grieve, Planner Eric Mack, Clerk Kile

Absent: Commissioner Calvin L. Scott

Mack entered into record Lake and Lakeshore Permit FLV 13-07; an application submitted by Rex & Melodee Easton for a lakeshore variance at 1560 Bitterroot Lane on Little Bitterroot Lake. He explained originally the applicant applied for and was issued a permit on June 30, 2011 to install a dock and walkway. Mack noted upon a follow-up inspection it was determined the applicant had built stairs 6-feet wide which was not allowed in the original permit and not allowed within regulations; 4-foot wide stairs is all that is allowed he stated. Mack said after talking with the property owner they originally agreed to remove the stairs and then decided to apply for a variance. He further explained the request is for a 6-foot wide stairway that the applicant has agreed to cover with a stain or natural stone as it is built out of concrete.

Chairman Holmquist stated she is concerned that the applicant had a permit to begin with and violated the permit they were issued. She pointed out we have hired an employee in the Planning & Zoning Office to follow up with violations.

Commissioner Krueger made a **motion** to table Lakeshore Permit FLV 13-07, Easton. Chairman Holmquist **seconded** the motion. **Aye -** Holmquist and Krueger. Motion carried by quorum.

Connie Behe said they have found with their professional positions there is no shortage of applicants and explained they are expecting staffing changes next year so the board is aware they will need to find funds within their budget.
